

EXPERIENCE THAT COUNTS. You may have noticed one of our vans in your neighborhood lately, or the red flags in a neighbor's yard. Chances are we've recently installed a Pet Stop® Pet Fence System in a yard near you. After many years as the leading pet fencing company in Alabama, we have a lot of experience with electronic pet containment – all brands. We own all the equipment necessary to deliver the best quality installation available anywhere. Pet Stop® of Alabama's owners have trained a whopping 10,000 dogs...and 400 cats...to our system. We want to do a good job, so you'll tell your friends and neighbors. We are proud of the fact that **more than 70% of our new customers are referred to us by others.**

Pet Stop® of Alabama is a locally owned family business, opened in April 1994. After 7 years as the number one Dog Guard® dealership in the USA, we switched from that stagnant product line in 2002 to the vastly superior Pet Stop brand. Our dealership currently serves about 8500 clients in central Alabama. Our objective is to provide pet owners with a little convenience and peace of mind, while keeping their pets safe at home. We use state-of-the art technology, coupled with extremely effective and pet-friendly training techniques to achieve this goal. Our methods have proven successful for thousands of pets, and our SafeYard™ Containment Guarantee backs them. Basically, here's what we do:

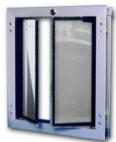

PET STOP® Pet Fence Systems ★ We provide professional installation of the most technologically advanced & effective electronic fencing systems available today. Our company has supplied Alabama with the very best in pet containment since 1994, **giving us at least 10 years' experience over any local competitor.** Today, our firmware-based Pet Stop® pet fence products continue to lead the industry, while still **designed and manufactured in the USA.** Pet Stop's engineers are the acknowledged leaders in the pet containment industry, holding many patents for the most innovative features and products in the history of the industry. The President of the Pet Stop brand since 2000, John Purtell also founded Invisible Fence® Company in 1976.

ExpertService™ for ALL Pet Fence Brands ★ Over the years, we have been called upon to provide service for most brands of pet containment systems on the market. We can deliver quality service for any brand of electronic pet fencing, along with batteries and collars for all pet fence systems. On top of that, Pet Stop® systems are fully compatible with other premium brands. **Our service department is more experienced, more versatile, and more capable than any competitor's – bar none.**

Top-Quality PET DOORS ★ As another convenience where your pets are concerned, we also offer sales and professional installation of pet doors. Since 1997, we've installed more pet doors than any other company in the metro area. As authorized dealers of **Plexidor®, Hale®, and Patio Pacific®** premium pet doors, **we are the area's exclusively recommended provider at Pet Doors USA (www.petdoorsusa.com).** Custom installations (through windows, walls, sliding glass, French doors, etc.) are available.

Our promise is to provide you with the **Best Pet Safety and Training Products** anywhere, with the **Best Installation and Training**, and the **Best Service** after the sale. All this at a competitive price, making it the **Best Value**, too. Thanks for taking a couple of minutes of your time to read this. If you have any questions for us, we would be happy to answer them. If you find yourself in need of a service or product we offer, we'd be grateful for the opportunity to do business with you.
